## Wires Mother About Funeral.

NEW ORLEANS, La., Jan. 5.—After racing with death for 3000 miles in the desire that he might die with his family, Daeleigh B. Perkins of this city died in the smoking-room of a Pullman sleeper in Houston, Tex., just after he had filed a telegram to his mother in this city telling her that he would be dead when the train arrived here, and to make all arrangements for his funeral.

For a long time he has been suffering, and finally went to California in the hope that his health would improve. No improvement was noticeable, and he decided to come home to die. The remains were taken from the train at Houston and prepared for burial.

Perkins was a native of New Orleans and had gone to the West some time ago. Realizing that the end could not be far away he boarded the Southern Pacific train in San Francisco, bound for New Orleans.

From an interior station he dispatched a message to his mother that he was dying. Returning to the Pullman car he laid down in the smoking car and died without a struggle. It was not until hours afterward that the fact was discovered. He was lying in a natural position, and the trainmen, knowing of his illness, hesitated to wake him. Mr. Perkins was a graduate of Yale university and a member of the Greek letter fraternity, Sigma Chi.

## Government Won't Allow It Along Line of Irrigation Canals.

RENO, Nev., Jan. 5.—Members of the General Assembly of this State have received word from the Interior department at Washington that Nevada will be expected to take steps at the next session of the Legislature to stop the sale of liquor along the line of the irrigation canals that are being constructed in connection with the reclamation work.

TWO GUARDS FOR  
MRS. CHADWICKMust Have Permit to  
See Her.Federal Authorities Place  
Deputy Marshals in  
County Jail.

Even Her Attorney Refused Admission When He Called Without Formal Court Order.

CLEVELAND, O., Jan. 5.—As the result of a clash between the Federal and county authorities that has been on since Mrs. Cassie L. Chadwick arrived in this city from New York, as to who had jurisdiction over the prisoner's care while she is in the county jail, the Federal authorities tonight definitely announced that they would assume such control in full authority.

The dispute has arisen because of the privilege assumed by former Sheriff Barry in permitting her husband and other persons to call on Mrs. Chadwick, contrary to an order of the Federal Judge that written permission for such interviews or calls or calls must not be given without orders from that court.

McConkey, the jeweler, has offered a \$5 cash prize for the high gun, a handsome pair of military brushes for the second high gun and a silver-mounted rabbit's-foot for the man bagging the least number of the long-eared fraternity. Further details will be announced later.
